"A Friend" Writes Touchingly On The Death of Mr. S. V. Rowland.

Mr. Sidney V. Rowland died in Danville on Tuesday, March 31, aged 72. His wife has been dead some years. He is survived by Messrs. William and David F. Rowland, of Danville, Edward Rowland, of St. Louis, and Mrs. White, of Danville.

STANFORD, KY., April 2. While a man lives and walks before his fellows, his life is read of them and his example has its daily effect upon those who observe him. When a good man dies the beneficent light of his life should be kept glowing by all means possible. It should be embalmed not only in the lives of those who have known him, but should through them be transmitted to others. On Tuesday last there died in Danville a man of such excellence of character, of such exalted worth that I deem it due to the younger manhood of this community to call attention to his well-poised and successful life, that they may emulate his virtues and receive such rich rewards that have already been his heritage and greater ones that await him.

Sidney V. Rowland was a noble type of high-minded, perfectly poised Southern gentleman. His political convictions were positive and absolute, yet he never offended those who opposed him. He was a Presbyterian of the strictest sect, yet he was more than tolerant of those who differed with him. His broad sympathies and generous impulses were a benediction to those who came within the sphere of his influence. When the writer first came to know him (soon after the war) he was a merchant in Danville. A merchant of the old school. His stock of goods was as staple as his own character. Flamboyant advertising and mendacious jockeying had no part in his business nor those of his class in the "good old days." Sordid gain for gain's sake, had no attraction for him. His business efforts had for their object a modest competency and the proper care of his family. He lived and lived well and truly, his three score and ten years. He blessed others and showers of blessings were his. He has gone to yet greater rewards, but leaves to his family the priceless heritage of an honored name and to the young men of his State a splendid example of noble, Christian manhood.

DOCTORS.—The Chicago has a "physician's typewriter." See ad.

The duel in the dark was a favorite with duellists. Two men were locked in a dark room and crawled stealthily from corner to corner, until some false step made one the target for bullet or blade.

Life in the dark with disease. One false step, one mistake, and the attack comes swift and sudden. The mistake which commonly opens the way for an attack by disease is neglect of the symptoms of stomach trouble. When eating is followed by undue fullness, belchings, sour or bitter risings, etc., disease is attacking the stomach.

The best way to frustrate such an attack is to use Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition, and makes the body strong and healthy.

"I was suffering very much with my head and stomach," writes Mrs. W. C. Gill, of Weldon, Shelby Co., Ala., "head was so dizzy when I would raise up in bed would fall right back. Could eat but very little, in fact scarcely anything, there seemed to be a heavy weight in my stomach so I could not rest; I had to belch very often and would vomit up nearly everything I ate. I was in a bad condition. I took four bottles of Dr. Pierce's Golden Medical Discovery and five of his 'Favorite Prescription' and am now well and hearty. I feel like a new woman and give Dr. Pierce's medicines credit for it all. I had taken medicine from physicians without any benefit as I could see."

Dr. Pierce's Free Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the paper-covered book, or 31 stamps for the cloth-bound, Address Dr. R. V. Pierce, Buffalo, N. Y.

KINGSVILLE.

Messdames Baker and Thompson are both in the cities purchasing Spring millinery. The openings will take place within the next few days. The saw-mill of Hodges & Campbell has suspended work this week. Mr. Evans is in Cincinnati to purchase a new boiler. Mr. Campbell is spending the week at his home in Lexington.

Mr. G. A. Walter reads the Kingsville letter in the I. J. and he is repairing the sidewalks in his part of town. Let others imitate Mr. Walter. Such dilapidated sidewalks are disgraceful. A certain Lexington gentleman, who spends a portion of his time here, says this is quite the noisiest town he has ever struck; so many jovial youths and so many busy engines. But just wait, my dear sir, till we get our new round house, which the C. S. has promised us.

The saddest death which has occurred here lately was that of Henderson Ruten. His death was caused from heart trouble and occurred at about 3 Sunday. The remains were interred after funeral services by Rev. M. A. Middleton Monday afternoon, and notwithstanding the inclement day an immense crowd was present. Mr. Ruten was a good man and had not an enemy. His heart-broken wife is left with eight children, the youngest but little over a week old.

Mr. and Mrs. T. R. Taylor gave the children a candy pulling a few evenings since. Miss Effie B. Carey goes to Lexington to-day to resume her sewing. Miss Lulu Hicks has accepted the position as teacher of the school here this year. She is an excellent woman and a good teacher. Master Mike McCarty is quite ill. Mrs. Emile Gooch and pretty children, of McKinnis, came down Tuesday to visit friends and relatives here. Mrs. Aggie Williams went to Evansville Tuesday. Mack Williams continues ill with malarial fever. Mrs. Eliza Rigney visited her mother at McKinnis Thursday. Miss Dora Rigney returned from a pleasant visit to McKinnis Saturday. Mrs. Tah Gaines, of McKinnis, was the guest of her daughter, Mrs. Rigney, last week. Miss Hamner, of Shelby City, was the recent guest of the Misses Horton. Miss Mary Burton, accompanied by Master John William Daceen, came up from Somerset Saturday to visit her home-folks. Manfred Chevolette, of the C. S., came home for a brief visit Monday. Mrs. Ella Reynolds was taken suddenly ill Sunday at the home of her mother-in-law, but is somewhat better and able to be removed to her home.

Miss Belle Hughes has closed outer millinery business in this city and will go to Burgin, where she will conduct the millinery department for Mr. J. P. Miller.—Danville News.

Danger of Colds and Grip. The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy is taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases, we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by Craig & Hocker.

Judge Murphy, of Buffalo, issued a statement at the conclusion of the Burdick inquest, practically charging Arthur R. Pennell with the murder of Edwin L. Burdick. He declared Pennell had a stronger motive than any one else for putting Burdick out of the way.

Justus B. Clay, a son of the Hon. Cassius M. Clay, Jr., was accidentally shot and killed by his wife while they were engaged in target practice at Paris. The shooting was done with a shotgun. The charge severed the jugular vein and then entered the left lung.

President Roosevelt, by a general order, has materially shortened the terms of over 100 Federal prisoners transferred from State prison to the Atlanta penitentiary. The prisoners would have lost the "good time" to which they would have been entitled had they remained at the various State prisons.

Robbed The Grave.

A startling incident is narrated by John Oliver of Philadelphia as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed at all drug stores.

Drilling on their No. 4 well is progressing finely and by the last of next week, should no accident occur they expect to make the best strike yet made on their property from the fact that in drilling three wells that are now pumping they have learned the direction of the dip of the sand and a 100-barrel well at least is confidently expected.

For the purpose of recreation, this would seem rather a strenuous outfit.

EDITOR CAMPBELL'S reference in the Somerset Journal to Judge R. J. Breckinridge is both unkind and uncalled for, it seems to us. The judge is a splendid gentleman and has done nothing to justify such epithets as Mr. Campbell sees fit to apply to him. Our Somerset friend should not let his zeal for Gov. Beckham get the better of his judgment and make him resort to such mud slinging.

CAPT. JOHN RUSSELL who was appointed Collector of Customs at Natchez, Miss., is a one-armed Confederate veteran and a democrat. L. J. Winston, who resigned the office, is a colored attorney. Seems to us as ex Confederate and a democrat besides is in mighty poor business accepting office from Teddy, who hates the South as bad as the devil does holy water.

GRAND Old Gen. William B. Jackson, widely known as a gallant Confederate soldier and the master of Belle Meade stock farm, died at his home near Nashville. On Tuesday night members of the Law and Order League raided Battle Row and arrested two white women who were quartered in a house of bad reputation. They were taken to jail and brought before Judge Ford Wednesday charged with disorderly and dissolute conduct. The trial was set for Thursday. They are strangers here and go by the names, Donetta Welsberg and Violet McClure.

City Marshal Rothwell, Deputy West, City Attorney Swinebroad and the Law and Order League have formed a formidable combine against lawlessness of every kind, and they are making the way of the transgressor exceedingly rugged. They have worked up a number of cases against parties for the illicit sale of whiskey, among them being against John Dennis, who is being tried in several cases, resulting in a verdict for \$50 fine and 10 days in jail in one case, a hung jury in case number two, which was tried by another jury, resulting in an acquittal. He was also acquitted in two other cases. Other cases against him and several against colored men and women are to be heard. It would be difficult to get a drink under present conditions. Mr. W. B. Mason presided as special judge with considerable dignity. Hon. R. H. Tomlinson, W. I. Williams and J. M. Rothwell assisted the city attorney in the prosecution and L. L. Walker appeared for the defense.

A disordered stomach may cause no end of trouble. When the stomach fails to perform its functions the bowels become deranged, the liver and kidneys congested, causing numerous diseases, the most fatal of which are painless and therefore the more to be dreaded. The important thing is to restore the stomach and liver to a healthy condition, and for this purpose no better preparation can be used than Chamberlain's Stomach and Liver Tablets. GALTON 12910.

Sired by Gambetta Wilkes 2:19 1/4. First dam Daisy Field (grand-dam of Alice Wilkes 2:17. Alletta 2:15 1/4) by Enfield, sire of six in 2:30 and the dams of 60 in 2:30 or better.

Second dam Quickstep by Kentucky Prince Jr., sire of J. Q. 2:17 1/4, Lemonade 2:07 1/4 and the dams of 15 in the list.

Third dam by Old Joe, sire of the dam of J. Q. 2:17 1/4.

Gambetta Wilkes is the greatest living sire of his age. He has 122 with records from 2:30 to 2:05, having put 17 new ones in the list in 1902, leading all of the great sires. His sons and daughters have 184 in the list.

Galton will not be a Court day exhibition horse, but will be at my stable for service 2 miles West of Hustonville, at \$10 to insure a live colt. I have several of his colts from two to four-years-old that can't be excelled by any one stallion for size, form, style and action. See them before placing your mare. If a mare is traded after breeding, money is due. Good grass at \$2 per month after the 1st of May. Phone in residence.

PUBLIC SALE.

Having sold my farm 1 1/2 miles east of Moreland, known as the J. M. Carter, Sr. farm and being desirous of going West, I will on

WEDNESDAY, APRIL 15th, 1903, on the premises, sell at public outcry to the highest and best bidder, the following described personal property:

Two brood mares 4 and 5-years-old, 1 good family horse 6-years-old, 1 good 2-year-old horse mule 4 extra good milk cows, 1 and 2-year-old heifers, good stock, 1 2-year-old steer, 4 calves, 1 two-horse wagon nearly new, a buggy and harness, 1 twine binder, mowing machine, plows, harrows and other farming implements too numerous to mention. Complete set of blacksmith tools, 50 barrels of corn, bacon from 8 hogs, household and kitchen furniture all nearly new, having only been used about a year, consisting of a parlor suite, 1 nice bed room set, odd bedsteads, bureaus, odd chairs, cooking stove, all sorts of chinaware, washing and churning machines; in fact everything a successful farmer and house-keeper needs. Terms made known on day of sale.

BENJ. WOOLDRIDGE, Moreland, Ky.

ANTECARLO 2:26 1-2.

Made over Versailles track in winning race. Sired by Anteo, 2:16 1/4, that sold for \$50,000 at public sale. 1st dam Mary Ann, by Ballstorm, \$13, son of Mambrino Patchen. These two crosses produced The Abbot, 2:03 1/4, champion trotting gelding of the world. 2nd dam by Independence, son of Andrew Jackson. Independence's dam by American Star. The American Star and Andrew Jackson blood is responsible for Cresceus, 2:02 1/4, the champion trotting stallion of the world. You see Antecarlo's two top crosses are responsible for the fastest gelding, two next crosses are responsible for the fastest stallion. Then you see he is better bred than either of them for he has the blood of both.

Antecarlo is a solid brown horse, 15 1/2 hands high, weighing 1,170 pounds, fine style and action. One of the best posted men on trotting horses writes of him as follows:

In regard to the stallion, Antecarlo 2:26 1-2 you bought of T. H. Smiley, I will say I worked him about 90 days in 1901 and I consider him one of the fastest trotters I ever drove, or in other words, about as fast as I ever saw. I have seen him trot a 200 yard timed by a prospective buyer. There never was a time while he was in my charge that he could not step a quarter in 12-2 to a cart. He does not need any extra vicing of any kind.

He will make the present season at our sale barn at \$15 to insure a living colt.

PENCE (Standard.)

Will also stand this well-known horse. He is too well-known to need comment. As a sire of high-class business horses, he has never been surpassed. Will stand at \$20 to insure colt. Mares parted with after being bred to these horses forfeit insurance and money becomes due. Lien retained on colts until season is paid. E. H. BEAZLEY & Co.
